PITCHERS & CATCHERS

2.13.16 - LAFAYETTE, INDIANA HELD IN CONJUNCTION WITH THE PURDUE AGR PREVIEW SHOW

The Factory Direct Group invites you to the 3rd Annual "Pitchers and Catchers Sale."

It is always an exciting time when spring training is finally upon us and our offering of some great "Pitchers and Catchers" in this year's event is something else to be excited about.

We will not break from tradition and will continue to sell bred leading herd sires, top notch young bred females that are very close to calving and immediately returning on your investment. Also we are expanding the offering with a fall open heifer, an elite yearling show heifer, bred females for the fall of 2016 and an expanded selection of elite embryo packages ready to go in your recips right away.

We would like to thank the men of Alpha Gamma Rho for their continued tradition of hosting one of the best jackpot shows in the Midwest. This gives us an opportunity to showcase our genetics to an ever building crowd.

MAKE NOTE: the show and the sale have both taken on new schedules! The show will feature STEERS on Saturday Feb 13th and HEIFERS Sunday Feb 14th. The SALE will be Saturday at approximately 7 PM Feb 13th. We will work to avoid the grand drive in the steer ring.

Please contact anyone with Knapper Cattle, Sennett Cattle and Horstman Cattle Co. with any questions.

VIDEOS will be available by Feb 1st 2016 at horstmancattle.com, sennettcattle.com and knappercattle.com as well as the Facebook pages of each marketing partner.

Visit www.DvAuction.com to sign up and bid online sale day. Please register in advance.

 BULL

LAH Express 415 has a tradition of producing NAILE bull champions and lot 1 cattle. Having a division champion supporting photo as a Lot 1 bull by LAH Express 415 has become somewhat of a tradition as you will remember we led off the 2015 event with LAH Emperor 413B who was the 2014 NAILE ROV Winter Bull Calf Champion, commanding \$10,000.

LAH Emperor 513C has continued the tradition after being named Champion Div 2 SimSolution Bull at the 2015 NAILE National Simmental Show. Sired by the breed leading MR TR Hammer 308A this royally bred sire will inject power, predictability and enhance the EPD profile of any operation.

We have certainly brought our best genetics to the sale! This one is royally bred. She is sired by the now deceased WS Pilgrim and her dam is the immortal LAH Empress 415. We had two of these females born. One sold to Caleb Ellmore for \$9200 as an open in the 2014 Factory Direct Elite Female Sale and here is the other one. It was seriously a difficult decision to make her available but we had another successful flush on 415 to this mating this summer so thanks to Doc's handy work you get a shot. And did I mention she is bred to SS Goldmine??? If it is a female make a reservation in your donor lot. If it is a bull I would say a 3/4 with a hall of fame pedigree will move any program forward. We will know on sale day as this will be a pair...we are serious about this sale!
